The monthly average consumption out of energy supplied by CESC during the non-peak hours period between 10.00 hours and 18.00 hours of the day, during the period from 01.04.2017 to 31.03.2018 as recorded in Time of Day (ToD) meter shall be reckoned as base consumption.

Note: Consumption of energy from sources other than CESC shall not be reckoned for computation of base consumption.

a. Computation of base consumption for existing consumers:

The base consumption of consumers existing as on 01.04.2017 shall be determined based on their consumption between 10.00 hours and 18.00 hours of the period from 01.04.2017 to 31.03.2018, irrespective of the date of request by the consumer for opting for the scheme.

b. Computation of base consumption for new consumers.

- (i) In the case of consumers who have obtained the services after 01.04.2017 where the consumption for the past 12 months is not available, then the available consumption subject to availability

C.E.S.C MYSORE

of a minimum of 6 months consumption, shall form the basis for computing the base consumption.

If the actual consumption for a minimum of 6 months is not available, the base consumption shall be worked out by considering 67 kWh per month per kVA of contract demand for the installations. After 6 months, the base consumption shall be reassessed on the basis of actual consumption recorded between 10.00 Hours and 18.00 Hours for the 6 months from the date of service.

- (ii) In the case of new consumers availing the service during FY 19, the base consumption shall be worked out by considering 67 kWh per month per KVA of contract demand for the first 6 months of service. After 6 months, the base consumption recorded between 10.00 Hours and 18.00 Hours for the 6 months from the date of service.

Also, in the case of an existing consumer having contract demand of less than 500 KVA but not having opted for ToD tariff and now willing to opt for this new special incentive scheme, then such consumer should first opt for ToD regime. The base consumption for such consumers shall be worked out by considering 67 kWh per month per KVA of contract demand for the first 6 months. After 6 months, the base consumption shall be reassessed on the basis of actual consumption recorded in the ToD meter between 10.00 Hours and 18.00 Hours for the 6 months from the date of fixing of ToD meter by opting this scheme.

- (iii) In the case of eligible consumers who have increased their contract demand on a permanent basis, during the currency of the scheme, the existing base consumption shall be increased to the extent of additional contract demand at the rate of 6 kWh/KVA per month, from the month in which the additional contract demand has come into effect.

Incentive:

Any excess energy consumed by the eligible consumers during the non-peak period between 10.00 Hours and 18.00 Hours, over and above the average base consumption as arrived at, shall be allowed a discount of Rs.1.00/- per unit in the bill, to the eligible consumers.

Further, the eligible consumers should be allowed an incentive of Rs.2.00 per unit in the bill for the energy consumed during the period between 22.00 Hours and 6.00 Hours as against the normal ToD rebate of Rs.1.00 per unit.

Note: The base consumption is not applicable for this additional incentive for the consumption during 22.00 Hours and 6.00 Hours. Further, the existing ToD benefit of [(-) One Rupee per unit) is not applicable to the consumers covered under this scheme for usage during 22.00 Hours and 6.00 Hours. However, the ToD tariff/consumed during the peak periods between 06.00 Hours to 10.00 Hours. And 18.00 Hours to 22.00 Hours. For the other consumers who have not opted for this scheme, the approved ToD tariff will apply as per the Tariff Order.

(iv) Additional Security deposit:

No additional security deposit shall be collected for the additional unit consumed over and above the base consumption between 10.00 Hours and 18.00 Hours under this incentive scheme.

(v) Currency of this incentive scheme:

Further, to provide certainty to the scheme, the commission decides that, the scheme will remain in force initially for two years i.e., upto 2020, subject to revision of the incentive amount annually. However, the CESC may approach the Commission for review of the orders during this period. The consumer under this scheme can exit from the scheme by issuing a notice at least 2 months before opting to exit from this scheme.
