feeder -reg.**

- Ref:** 1. T.O OM No.: CESC/GMT/DGM (MIS)/AEE-1/M/ 2022-23/CYS-973
Dated: 20.09.2022
2. Director (Technical) approval note Dated: 15.11.2022

Preamble: Feeder Codes are being issued to all newly commissioned 11kV feeders from corporate office for the purpose of statistics, accounting total number of 11kV feeders catering power supply to the consumers of CESC jurisdiction and to declare DTC failures in DTLMS, feeder code is mandatory.

In continuation to the above, Energy is imported from BESCO, MESCOM and Kerala Electricity departments through 13 No's Inter ESCOM feeders at various boundary points and are not assigned with 11kV feeder code and official memorandum was issued vide reference (1).

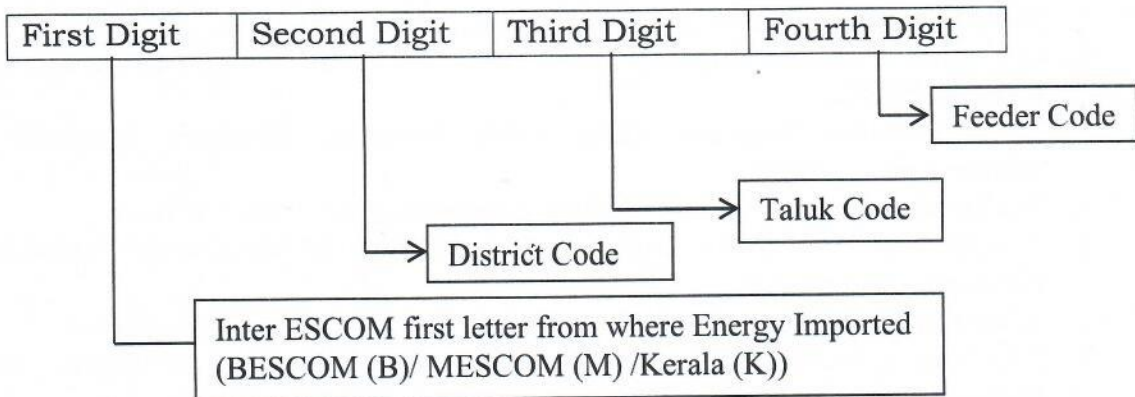

But during reconciliation meeting held from 07.11.2022 to 10.11.2022, it is learnt that, to declare DTC failures in DTLMS, DTC should be assigned with six digit codes, wherein, five digit codes were issued to Inter-ESCOM feeders. Hence, this corrigendum.
