Sir,

Sub: Clarification regarding transfer of solar roof top installation-reg

Ref:GM(Coml) CESC Letter No:CESC/GM(Coml)/RA2/F-34/2017-18/14670 dated: 08.11.17

Please refer to the letter under reference, wherein, the CESC has requested the Commission to clarify on the transfer of PPAs of SRTPV installation in respect of:

- Transfer of SRTPV installation, in case of death of the owner to the legal heirs;
- Transfer of the SRTPV installation, due to sale of property.

The Commission notes that the net metering under the roof top solar power generation is being allowed for the bonafide use of the original owner of the property. While the transfer in the case of death of the owner to its legal heirs could be allowed, the sale of property with the roof top installation in a commercial transaction cannot be generally allowed.

Hence, I am directed to clarify the CESC as follows:

- In the case of death and the transfer of property to the legal heirs of the deceased, the transfer of PPA may be allowed as per the terms and conditions of the original PPA.
- In the case of sale of property, the ESCOMs may make a reference to the Commission, on the transfer of SRTPV, PPA for approval on a case to case basis.

Yours faithfully
