### Circular

Sub: Issue of No Objection Certificate (NOC) for Wheeling and Banking facility to Open Access Consumers/Captive Generators - Reg.

- Ref: 1. KERC (Terms and Conditions for open Access) (third Amendment) Regulations, 2015, Notification No. Y/02/15/1143 dated 05.10.2015.  
2. KERC (Terms and Conditions for Green Energy Open Access) Regulations, 2022 Notification No. KERC-1-CON-2022-23/910/2206 dated 12.04.2023.  
3. KERC Tariff Order 2023, CESC - Hon'ble Commission's directives page No. 203-205.  
4. This office circular No. CYS-489 dated 04.07.2022.

\*\*\*\*\*

With reference to the above subject, and in continuation to this office circular under reference (4), wherein it was already directed to sub division officers to furnish the feasibility report duly signed by the sub-divisional officer to this office within the stipulated time.

As per the KERC (Terms and Conditions for open Access) (third Amendment) Regulations, 2015, Licensee(s), ESCOMs should communicate the concurrence or otherwise for the open access to the Nodal agency within the timeframe prescribed by the Hon'ble Commission.

However, it is observed that the feasibility reports requested from this office through email are not being furnished within the stipulated time. This delay is resulting in non-compliance of the directive issued by the Hon'ble Commission in the tariff orders.

Further, vide KERC (Terms and Conditions for Green Energy Open Access) Regulations, 2022, the timeline for conveying concurrence from the ESCOMs is 5 days from the receipt of the request from the nodal agency.

Also, Hon'ble Commission vide Tariff Order – 2023, has directed as follows:

*"The Commission reiterates its directive that CESC shall ensure the issue of No Objection Certificates (NOC) for Wheeling and Banking facility to Open Access Consumers/Captive Generators within time frame prescribed by the Commission.*

*The Commission desires that, CESC shall furnish the details of applications received, NOC issued within the time frame and details of NOCs issued after the timeline, duly giving reasons for the delay. CESC shall also ensure that for any deliberate delay in issue of No Objection Certificates (NOC) by respective officers, suitable action is taken against the concerned."*

CESC has to communicate the concurrence within 5 days from receipt of the application from nodal agency. The concurrence can be communicated only after the receipt of feasibility report of the HT/EHT installations from the concerned sub divisions.

Therefore, in order to avoid any delay in communicating concurrence or otherwise of CESC to the nodal agency within the timeframe fixed by Hon'ble Commission and comply to the directives of Hon'ble KERC issued vide Tariff Order 2023, it is hereby requested to all the sub-divisional officers to furnish the signed copy of the feasibility report through return email on the same day of receipt of the email from commercial section. Failing which, suitable action will be initiated against the concerned.
