CIRCULAR

- Sub: Online Registration of applications under PM KUSUM Component B
in Souramitra Portal in CESC jurisdiction – Reg
- Ref: 1. MNRE Sanctioned letter No: 32/54/2018-19/SPV Division dated:
13.01.2021
2. Energy /171/PSR/2022 dated 06.06.2022
3. Minutes of GoK Vide No Energy/VSC/214/2023 dated 7.10.2023
4. E mail dated 18.03.2024 sent to all Divisions.

Ministry of New and Renewable Energy (MNRE) introduced Pradhan Mantri Kissan Urja Suraksha evam Utthan Mahabhiyaan (PM-KUSUM) on 13.01.2021 vide order cited under ref-1. Under Component-B of the scheme, MNRE allocated 10,000 No of off-grid pumpsets with a Central Financial Assistance (CFA) of 30% on benchmark cost up to pumpsets having a capacity of 7.5 HP. Beyond 7.5 HP capacity CFA will be capped for 7.5 HP.

Government of Karnataka vide GO under ref-2 appointed KREDL as nodal agency and announced a subsidy of 30% in addition to that announced by MNRE. The beneficiary had to pay 40% of the cost of pump.

In order to encourage the farmers to obtain ref-3 the benefits of off grid solar pumps, GoK has now increased its share per solar pump from 30% to 50% thereby reducing the farmer contribution to 20% which was earlier 40%.

ನೋಂದಾಯಿತ ಕಛೇರಿ: ನಿಗಮ ಕಾರ್ಯಾಲಯ, ನಂ. 29, ವಿಜಯನಗರ, 2ನೇ ಹಂತ, ಹಿಂಕಲ್, ಮೈಸೂರು -570017
Registered Office: Corporate Office, # 29, Vijayanagara, 2nd Stage, Hinkal, Mysuru-570017

MNRE vide order dated 06.12.2023 has sanctioned 25,000 solar pumps as against 10,000 No sanctioned earlier as per the request of GoK.

Hon'ble Chief Minister, GoK inaugurated the Surya Raitha Scheme (PM KUSUM Component B) on 09-03-2024 at Bangalore and the online portal <http://souramitra.com> which was made available to the public for registration.

As per the directions the priority of selecting the beneficiary is fixed as follows **limiting to one solar pump per family** on first come first serve basis;

Priority-1: Regularized UNIP as on 22.09.2023 by paying an amount more than 10,000 and are beyond 500m from the nearest transformer.

Priority-2: Regularized UNIP by paying an amount of Rs. 50/- and are beyond 500m from the nearest transformer.

Priority-3: New applications which are beyond 500m from the nearest transformer and the beneficiary share of 20% paid.

Priority-4: New applications which are within 500m from the nearest transformer and the beneficiary share of 20% paid.

Energy Department have issued guidelines on 07.10.2023 for Solarization of IP sets which are more than 500 m away from the grid. As on 22.09.2023, 1406 Nos. of IP sets are identified for providing off-grid solar pumps in CESC jurisdiction.

The cost sharing per solar pump as per rates discovered in the tender is as detailed below:

SN	Solar pump Capacity with normal controller	L1 Price in Rs with GST	MNRE Benchmark rate in Rs inclusive of GST	GoK share in Rs (50%)	MNRE share in Rs (30%)	Beneficiary share in Rs(20%)
1	DC 3HP Surface	204760	190523	102380	57157	45223
2	DC 3HP Submersible	208004	190523	104002	57157	46845
3	DC 5HP Surface	296762	293500	148381	88050	60331
4	DC 5HP Submersible	298384	293500	149192	88050	61142
5	DC 7.5HP Surface	432276	397806	216138	119342	96796
6	DC 7.5HP Submersible	409680	397806	204840	119342	85498
7	DC 10HP Surface	536102	506960	216138	119342	200622
8	DC 10HP Submersible	514279	506960	204840	119342	190097

Since the beneficiary selection is on first come first serve basis, Officers of CESC are directed to;

1. Set up a help desk in each sub-division to guide the farmers to fill the application in the Souramitra portal.
2. Call the individual UNIP regularized farmers identified whose list was e-mailed on 18.03.2024 and is also enclosed with this circular.
3. Guide the new consumers to register in the Souramitra portal.

The procedure to be followed post registration is detailed as below;

1. Application registered in Souramitra Portal by farmer and will be intimated through SMS to the official mobile number of CESC field officer, Empanelled Vendor and Farmer
2. Feasibility will be carried out jointly by CESC field officer, Vendor and farmer within 5 days from the date of received SMS to ascertain the distance from the distribution transformer, irrigation source information, crops details, required pump details, RTC document, depth of the borewell, water level, Aadhar copy, Caste certificate (if required), Undertaking and other required parameters.
3. If feasible, the farmer will be intimated through SMS and payment to be done through gateway.
4. Supply, Installation and commissioning of DC Solar pump by the Empanelled vendor.
5. Joint survey to be carried out by Empanelled Vendor, farmer and CESC official, if satisfied pump set will be commissioned and relevant documents to be uploaded in Souramitra portal and RMS data synchronization with MNRE Portal.

The officers are requested to adhere to directions in the scrupulously to complete the task on priority.
